

We will be celebrating

College and Career Week

Monday, May 14 through Friday, May 18

We will have different theme days throughout the week and will have a fun-filled day on Wednesday during our *College and Career Day*! On that day, all classrooms will interact with professionals from different careers, with an emphasis on careers in some pretty spectacular science and technology fields!

See below for our schedule of events that week – we can't wait to see each of our students learn about their futures in a fun and engaging way!
