

November Newsletter

We are excited to begin our next unit of study: All About Us. *All About Us* focuses on the importance of celebrating each and every member of the classroom community inside and out and set a tone of acceptance. Some of the important concepts we will be exploring are: Who I am and who are the people in my life?, What makes me important and unique?, What feelings do I have and why?, What makes my class important and unique?, and What makes my family important and unique? In the classroom we will support and embrace the diverse population and help develop the positive self-concept and confidence to take on new tasks, think critically, remain persistent in the face of challenge, pursue interests and realize their potential as an individual. All About Us will be an exciting study!
