Pre-K 261

Dear Parents,

The children have done a wonderful job of settling into the classroom routines. We are having such a great time in Pre-K. The class is very sweet and we are having lots of fun learning and playing together. Thank you so much for sharing your precious children with me! It is hard to believe that it is already October!

This month we will be talking about "Our Five Senses." Pre-K children naturally use their senses to explore the world around them. Your child will have the opportunity to develop a wide variety of skills by using his/her senses in hands on learning and play. We are working on children's abilities to take in information about the world through sight, hearing, smell, taste and touch. We will take walks around the neighborhood, go on scavenger hunts and engage in many other activities where children use their senses.

Throughout this theme, there are activities and discussions about how life might be different for people who have disabilities that affect their senses. There are children's books that introduce different disabilities and explain how people with disabilities might interact with the world differently.
